

# Wakeboard Australia Press Release

Wakeboard Australia Season 2008 came to a crashing end on Saturday with the finals of the "Ocean & Earth Australian National Titles" at Windsor Stadium, NSW. 105 competitors in 13 divisions battled all week for the mantle of "Australian Wakeboarding Champion" in their division.

The crowd witnesses what was surely the tightest riding seen to date in several divisions

Towing the event this year & the next four, the mighty Supra 22SSV & 24SSV pulled lap after lap of the best riding the country has seen.

Old campaigners & new faces alike had nothing but praise for the size & shape of the wake the Supra's produced. Ocean & Earth surprised all the winners with a joy ride in the Ocean & Earth Helicopter around the surrounding country side finishing with a victory pass down the course before landing.

One lucky Under 9 competitor, Corey Teunesson from Queensland was awarded a ride in the "Red Bull" Air Race Stunt Plane for being considered the best up & coming rider at the Nationals.

10 - 14 Boy's rider, Mitchell Scott was awarded the coveted "Mark Kenny" Award for his conduct & riding ability during the event. This is a perpetual trophy with some of the biggest names in the sport etched in wakeboarding history. Following a fantastic presentation evening the crew partied until the early hours before the long trip home. Next year's event will be held at Renmark, South Australia on the mighty Murray River.

With the new sponsor partnership of Supra Boats, Ocean & Earth, & Red Bull, the event is expected to be massive! For all the results check out:
